Phil == best of luck for you and your family. That sounds exciting. Ed Emswiler is also retiring that day – he's headed out on a big kayak trip on May 1. I will still be working until 2015 at least so I will live vicariously.

Keep in touch!

I guess I should also announce that I won't be at EPA after April 30. I too received an offer I could not refuse. I will be retiring from EPA on that day. My family and I are moving aboard our boat to go sailing for some indefinite period of time. Then we will most likely be back in Alaska, probably working on resource issues in some other role. It has been great working with you all. Perhaps we'll meet again.

Phil

Hi everyone,

One announcement from the Hecla side of things: I wanted to let you know that I will be leaving Hecla soon. My last day is April 18th. It was definitely a hard decision to leave because I am very happy here. But, I received an offer I couldn't refuse... I will be the Director of Environmental Permitting and Compliance at PolyMet Mining in Minnesota starting on May 1st.

Once I am gone, Chris Wallace will be taking over the Environmental Manager position here at

Greens Creek. I have listed his contact information below, and he is cc'ed on this email.

It was great working with you all! Thanks!
Jennifer

Subject: Bi-weekly Call CANCELLED this week

Hello all,

We will not be holding our bi-weekly call this week. Our next scheduled call is on May 1st

We have no updates to report – just finalizing the FEIS and working on the ROD.

Thanks – have a great week!

Sarah
